

Key Cabinets with Electronic Locking

Acme Key Cabinets with Digital Electronic Locking, provides superior security with heavy duty construction of the key cabinets and the ability for the customer to change his or her own code with the digital electronic lock. These units can be used in a variety of applications from offices, schools, hotels, motels, real estate offices, or any application that needs to secure keys.

Standard features include:

- Electronic Lock
- Hidden battery compartment
- Numbered hooks for keys
- Adjustable key racks
- Mounting kit for arching to the wall
- Units can be either wall mounted or recessed into a wall
